

CEMETERY CLEAN UP

For the purpose of beautifying the community, the cemetery will begin its Spring Clean-up starting October 1st. From October 1st – 5th, cemetery personnel will be removing unsightly, damaged, and wilted flower arrangements/decorations from all cemeteries, including the mausoleum.

Anyone wishing to ensure their existing decorations are not disposed of are encouraged to remove them from the area before September 30th.

Cemetery clean-up will occur biannually in the spring and the fall.
