

CEMETERY CLEAN UP

For the purpose of beautifying the community, the cemetery will begin its Spring Clean-up starting March 5th. From March 5th – 9th, cemetery personnel will be removing unsightly, damaged, and wilted flower arrangements/decorations from all cemeteries, including the mausoleum.

Anyone wishing to ensure their existing decorations are not disposed of are encouraged to remove them from the area before March 4th.

Cemetery clean-up will occur biannually in the spring and the fall.
