"Essential services" shall consist of everything listed by the U.S. Department of Homeland Security in its Guidance on the Essential Critical Infrastructure Workforce. Other essential services may be added to this list with the approval of the Texas Division of Emergency Management (TDEM). - Order No. 10 CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies). Therefore, this Declaration strongly **recommends the use** of cloth face coverings when visiting hospitals, medical and veterinarian clinics and restaurants. **It is strongly**

recommended that face masks also be used by restaurant workers as well as employees of all essential businesses that have face to face contact with the public including grocery stores. **It is also strongly recommended** that a face mask be used whenever a person leaves their home or essential business. This declaration also confirms that businesses and property owners can require the wearing of face coverings onto their business and/or property. Such cloth face masks can be fashioned from household items or made at home from common materials at low cost.

Order No. 11 As a result of the Governor’s Executive Order GA-18 issued April 27, 2020, “reopened services” shall be allowed to open starting on May 1, 2020, which includes retail stores, restaurants, movie theatres, museums and libraries to open up for services but are limited to occupancy of 25% or below and must adhere with the terms required by Texas Department of State Health Services.

Order No. 12 That effective immediately, and continuing through May 18, 2020, the City hereby adopts the provisions of Executive Orders GA-18 issued by Governor Greg Abbott on April 27, 2020. The provisions of GA-18 are incorporated herein by reference as if written word for word. For clarity, nothing in this declaration is intended to impact the provisions related to the continuation of the local state of disaster as specified in this Seventh Declaration of Local Disaster.

The declaration does not prohibit people from accessing essential services, reopened services or engaging in daily activities, such as going to grocery stores, gas stations, auto repair and banks, so long as the necessary precautions are maintained to reduce the transmission of COVID-19. For offices and workplaces that provide essential services, reopen services and remain open, employees should practice social distancing, good hygiene and, where feasible, work from home in order to achieve optimum isolation from COVID-19. The more that people reduce their public contact, the sooner COVID-19 will be contained and the sooner this declaration will expire.
